What is Safe Place?

Project Safe Place is a community program that sets up public locations as a network of places where youth can get immediate help in times of crisis.

Why do we need Safe Place?

Project Safe Place began in Louisville, KY in 1983 and now involves more than 700 communities across the United States. There are many reasons why a child might need a Safe Place. Maybe they:

- ♦ Are afraid to go home;
- ♦ Have run away;
- ♦ Are being followed or threatened;
- ♦ Have been assaulted, raped, or abused;
- ♦ Have been locked or kicked out of the house;
- ♦ Are lost, scared, or simply need to talk?

Whatever the reason, the people at Project Safe Place are ready to help.

How are Safe Place and CDS related?

In 1987, CDS Family & Behavioral Health Services became the Safe Place coordinator for Alachua County. CDS runs Project Safe Place through our Interface Youth Program— three temporary residential shelters for kids in crisis. When a child walks into a Safe Place site asking for assistance, the site contacts our Interface Shelter, which immediately arranges transportation to bring the child to Interface. Once at the shelter, a counselor will talk to the young person and help him or her figure out options and next steps.

How do I become a Safe Place site?

To be considered for approval to become a Safe Place site, call (352) 244-0628, extension 3865.

Once we have determined the appropriateness of your business and location for the Safe Place Program we will send the necessary paperwork. You will

receive a packet of information about the Safe Place program, step-by-step instructions on what to do if a youth comes in seeking a Safe Place, and your responsibilities as a Safe Place location. You will also receive a Safe Place Location Agreement. As a Safe Place site you will be listed in all Safe Place publications, at the National Runaway Switchboard, and on CDS's website at

www.cdsfl.org

After returning all paperwork, you will be given a diamond-shaped, yellow sign identifying you as a Safe Place to display prominently outside your business or agency. You will also receive a decal with a phone number to call if a young person needs help after your normal business hours.

A qualified Safe Place instructor from CDS will provide a training session for you and your employees.

What is the cost?

There is a one-time fee of \$50 to cover the cost of signage, materials, processing, and training. There may also be a charge of \$15 if an additional (or replacement) metallic Safe Place sign is needed.
